Re: Closure of Administrative Complaint

Dear Mr. Rice:

On June 24, 2015, U.S. Environmental Protection Agency (EPA), External Civil Rights Compliance Office (ECRCO), received correspondence from a resident of Mingo County, West Virginia (Complainant) regarding concerns about damage to Complainant's home and property from nearby abandoned mines. In the correspondence, Complainant indicated that Complainant had contacted West Virginia Department of Environmental Protection, Office of Abandoned Mine Lands and Reclamation regarding Complainant's property and your office's involvement in this matter. ECRCO has determined that it cannot accept this administrative complaint for investigation because it does not meet the jurisdictional requirements set forth in EPA's nondiscrimination regulation.

Pursuant to EPA's nondiscrimination regulation, ECRCO conducts a preliminary review of administrative complaints for acceptance, rejection, or referral. 40 C.F.R. § 7.120(d)(1). To be accepted for investigation, a complaint must meet the jurisdictional requirements described in EPA's nondiscrimination regulation. First, it must be in writing. 40 C.F.R. § 7.120(b)(1). Second, it must describe an alleged discriminatory act that, if true, may violate EPA's nondiscrimination regulation (*i.e.*, an alleged discriminatory act based on race, color, national origin, sex, age, or disability). *Id.* Third, it must be filed within 180 calendar days of the alleged discriminatory act. 40 C.F.R. § 7.120(b)(2). Finally, it must be filed against an applicant for, or a recipient of, EPA financial assistance that allegedly committed the discriminatory act. 40 C.F.R. § 7.15.

Complainant's original correspondence did not provide ECRCO with enough information to determine whether ECRCO could investigate the concerns. Accordingly, in a letter dated August 27, 2015, ECRCO sought clarification from Complainant about Complainant's

correspondence. Specifically, ECRCO requested that Complainant provide the following information:

1. A description of the alleged discriminatory act(s) committed by the West Virginia Department of Environmental Protection that violated EPA's nondiscrimination regulations.
2. A description of how the West Virginia Department of Environmental Protection, Office of Abandoned Mine Lands and Reclamation; discriminated against the complainant and on what basis(es); *e.g.* race, color, national origin, sex, age or disability.
3. The date(s) of the alleged discriminatory act(s) committed by the West Virginia Department of Environmental Protection, Office of Abandoned Mine Lands and Reclamation that occurred within the 180 calendar days of when the complaint was filed (June 17, 2015).

ECRCO received responses from Complainant on September 9, 2015 and December 2, 2015. The responses, however, did not describe the alleged discrimination, nor did they provide dates for an alleged discriminatory act. In other words, Complainant did not state how, when, and on what basis(es) the West Virginia Department of Environmental Protection, Office of Abandoned Mine Lands and Reclamation allegedly discriminated against Complainant.

After careful consideration, ECRCO has concluded that it cannot accept the complaint for investigation because it does not meet the jurisdictional requirements described in EPA's nondiscrimination regulation. Therefore, ECRCO is rejecting and closing this complaint as of the date of this letter.

ECRCO has been in touch with the following organizations and has informed Complainant that these organizations could be of service to regarding Complainant's concerns:
